

The Provider Selection Regime

Practitioner introduction

In2
the bargain

Event outline

The Provider Selection Regime (PSR) came into effect from 1 January 2024, with relevant authorities (NHS England, Integrated Care Boards, NHS trusts, NHS foundation trusts, local authorities and combined authorities) required to comply with the new rules when procuring Health Care Services within scope. This event will provide a detailed practitioner overview of the PSR regime in England, which will act as a refresher for experienced colleagues and an introductory guide for those new to this area.

Learning Outcomes

Key learning outcomes include: -

- Understand how to practically apply PSR provisions to your contracts.
- Find out how to navigate through complex cases and avoid challenge/ complaints.
- Importance of maintaining detailed knowledge of provider landscape and how to evidence this.
- Managing PSR in the face of limited resources and staffing capacity.
- Hear expert analysis of key panel decisions to date.
- Get answers from experts to your PSR questions.

We actively encourage participation throughout the event, and the timetable is flexible to adapt to specific needs as they arise during the day.
